Tornado in Apex Community Park, Little League Field #3, Apex, NC, USA

On the evening of May 15, 2024, a small EF-1 tornado unexpectedly touched down and directly struck Little League Field #3 at Apex Community Park during an active baseball game. The tornado caused catastrophic damage to park infrastructure, downed power lines, and resulted in multiple injuries, including severe trauma, among the 50-70 individuals present. The immediate aftermath is characterized by chaos, trapped individuals, and an overwhelmed emergency communication system.
